

Week One

Math

Neighborhood Houses and Buildings

Take a walk with your child and talk about different shapes, textures, and materials you notice on the houses and buildings.

Science

Bathtub Science

Have your child explore water at bath time with plastic containers of different shapes and sizes.

Reading

Animal Homes

Explore the different types of homes animals live in. Then help your child plan and build a house for a favorite animal.

Music

Music Makers

Hum, sing, whistle—what other ways can you make music? Try simple, homemade instruments, too!

Art

My Important People Tree

Create a family and friend tree to help your child recognize the most important people in her life.

Playing

Baby Treasure Box

Help your baby discover the magic in everyday objects.

Color Games

Colors are everywhere. Play simple games to help your child recognize the colors she sees around her every day.
