Materials needed: Toilet paper tubes (2), String, Tape or Glue, crayons and anything you can decorate with.

MATH

- ✚ Cloud Watching- What shapes are the clouds making?
- ✚ Use the bears from the backpack- Sort them, count them, make them into a pattern.
- ✚ Take about more, less, same/equal

SCIENCE

- ✚ Solar Oven S'mores- Line a shoebox or pizza box with tin foil on the top and bottom. Take graham crackers and add chocolate and mini marshmallows on top, inside of the box. Cover the s'mores with a layer of plastic wrap to protect from bugs getting in. Prop the box open enough for sun to shine inside the box. The sun will reflect off of the tin foil and melt the marshmallows and chocolate. This project takes some waiting time so if you start in the morning, you will have a dessert by lunch time.

- ✚ Lay the cards on the floor mixed up. Sing the alphabet and pick the cards up along the way.

PLAY

- ✚ Have a picnic with your family- a real one or pretend. What will you take on your picnic? How will you carry everything that you need?

It can be your child's favorite book or any other book you think your child will be interested in.
